

DOCUMENT ID: NB-LOA-2026-001

SUBJECT: CERTIFICATE OF FORENSIC AUTHENTICITY

ISSUED TO: [Customer Name / Institution]

LICENSE KEY: [Unique Serial Number]

TO THE HOLDER:

This document certifies that you are in possession of the Institutional Edition of *The Neutral Bridge: A Systems Analysis of the 2027 Global Financial Reset*.

This edition contains specialized technical appendices, including the Forensic M&A; Deconstruction and the Protocol 22 ZKP Technical Specifications, which are withheld from the general Retail Edition to preserve the integrity of the data.

By acquiring this suite, you are granted priority access to the Snypre System AI Whitelist and the associated Excel-Based Liquidity Model. The data contained within has been verified for engineering rigor and structural accuracy as of January 21, 2026.

AUTHORIZED BY:

> K. Morgan

> Lead Systems Engineer, The Neutral Bridge Project

## INSTITUTIONAL LICENSE AGREEMENT (SUMMARY)

This document defines the "Forensic Systems Analysis" scope and ensures the buyer understands the professional nature of the content.

### INSTITUTIONAL USE LICENSE

- 1. SCOPE OF INTELLIGENCE:** This license grants the user access to the "Math of Necessity" frameworks and the 2027 Roadmap. The content is provided as a forensic engineering analysis and does not constitute financial or legal advice.
- 2. DISTRIBUTION LIMITS:** This Institutional Suite license is serialized to a single user or entity ID. Unauthorized reproduction of the technical appendices or the Excel-Based Liquidity Model is a violation of the digital license agreement.
- 3. UPDATES & BRIEFINGS:** This license includes access to Quarterly Strategy Briefings and priority analyst support through the duration of the 2026-2027 transition phase.
- 4. ACKNOWLEDGEMENT:** The holder acknowledges that the global financial system is currently in the Implementation Phase of the digital asset transition, as governed by the Basel III BCBS standards enforced January 1, 2026.
